

NDG Project

Transforming our community through love...

January 8, 2019

Dear Premier Legault,

I would like to introduce myself and an initiative I have embarked on, named NDG Project (www.NDGProject.com). The goal of this project is to eliminate poverty from the social landscape of our community - and - to take one step further and to help every NDG resident take steps towards living out their ideal or dream life.

Recently the Ontario Government introduced a subsidy program into three communities in Ontario whereby they subsidized the income of residents in order to bring all community members above the poverty line (which they had defined as being approximately \$16,000/annum). When Doug Ford took political office, he ended this program. (<https://www.ontario.ca/page/ontario-basic-income-pilot>)

I would like to ask you to consider engaging in a similar program and using NDG as one of (or the only) community. This would help my project considerably and would help me to take one large step towards transforming NDG into the greatest community in the world. As it stands at present, there are just over 67,000 residents in NDG, of which approximately 25% are living under the poverty line.

I truly believe this would be an amazing social experiment which will garner tremendous attention and support for the Government of Quebec. Please take a look through my website and get back to me at your earliest convenience.

God bless you,

A handwritten signature in blue ink, appearing to be 'R. Legault'.
