

✨ *From the Mountain to the World: Ross Harvey's Heaven-on-Earth Vision*

A Testimony of Calling

On December 25, 2003, Ross Harvey experienced what he calls his “*Seven Days on the Mountain with God*” —a time of revelation, consecration, and unmistakable direction. From that week forward, Ross no longer regarded himself as a resident of Earth but of Heaven. This was not escapism; it was a reorientation. He came down from that mountain carrying a conviction: every decision, every project, every relationship must reflect the reality of Heaven, here and now. This is why Ross does not simply “run an organization.” He is stewarding a mandate.

The Mandate: NDG Project / Imagine!NDG

Out of that mountain experience came the seed for the **NDG Project** and its community expression **Imagine!NDG**. These initiatives are not just nonprofits, websites, or programs; they are a living strategy to transform ordinary neighbourhoods into what Ross calls “**Heaven-on-Earth Communities**.”

NDG stands for *Next Door Global*—a reminder that the Kingdom of Heaven advances not through far-off visions but through the people, places, and neighbourhoods right next to us.

At its heart, Imagine!NDG:

- Equips individuals to see their own communities as sacred ground.
- Builds networks of faith-driven entrepreneurs (“franchisees”) who receive tools, training, and support to bring hope and economic renewal to their areas.
- Offers products, resources, and a digital platform (Yola-based websites, ChatGPT/Noel’s Pen as a “personal Einstein”) to amplify each person’s voice and impact.

This is not simply a program for better living; it is a movement for **divine alignment**—transforming Earth by manifesting the values, culture, and creativity of Heaven.

The Why: Heaven on Earth

Ross’s vision echoes the prayer Jesus taught: “Your Kingdom come, Your will be done, on Earth as it is in Heaven.”

He believes this is not a metaphor but an assignment. Communities can actually be restructured—economically, relationally, and spiritually—to reflect the Kingdom’s principles:

- **Dignity over dependence**
- **Creativity over consumption**
- **Faith over fear**
- **Stewardship over exploitation**

When these values saturate a neighbourhood, the atmosphere shifts. People see their worth. Families heal. Entrepreneurs rise. The forgotten are welcomed. This is the fruit of a Heaven-on-Earth Community.

The How: A Practical Pathway

To make this vision tangible, Ross has created a toolkit for “franchisees” of the Imagine!NDG Global Community Network:

- **Digital Infrastructure** – A ready-made Yola website template with training and support.
- **AI-Powered Writing/Strategy** – “Noel’s Pen,” a ChatGPT-powered assistant, helps franchisees plan, write, and communicate with Einstein-level clarity.
- **Profit-Sharing Products** – NDG-logo merchandise and music generate income to fund local initiatives.
- **Long-Term, Faith-Based Management Strategies** – Emphasizing wholeness and sustainability over quick fixes.

Every tool exists to empower people locally to reflect Heaven’s order and creativity.

The Invitation

Ross Harvey’s story is not about one man’s platform—it is an invitation to join a divine movement. Those who partner with NDG Project / Imagine!NDG become co-labourers in bringing Heaven to Earth, one community at a time.

“I am no longer a resident of Earth but of Heaven.

Every choice I make is shaped by that reality.

NDG is not my idea—it is God’s call.”

– Ross Harvey

This is why Ross speaks, writes, and works tirelessly: to awaken others to their part in this unfolding story.
