

Dear Justin, Francois and Valerie,

I am presently in the process of transforming NDG into the best community in the world. In order to accomplish this, I would greatly appreciate your assistance/cooperation. You can find the plan I am in the process of implementing here: [NDG Project Plan](#).

There are several elements to the plan which I would very much like your overseeing/involvement with:

- [Basic Income Program](#) for all NDGers. Transforming NDG into the best community in the world involves first and foremost lifting every person in the community above the poverty line. By contributing \$2,000 every 4 weeks to every resident 18 and over, this would ensure that every person in the community had sufficient in one fell swoop.
- [The NuVoWay Program](#) implementation across the community. This is my perceived next essential for ensuring that NDG becomes an even greater community. It involves assisting everyone in the community to be the best versions of themselves in a holistic manner - meaning - physically, mentally, socio-emotionally, spiritually and financially. My goal is to make daily inroads into accomplishing this through The NuVoWay Program. You can see more about this here: [The NuVoWay Centre](#).
- [Resource-Based Economy](#) - This represents a longer term vision for a sustainable system whereby every person is truly equal. My reason for mentioning this here is that I believe that in planning for the future (2050) we must be mindful at every step as to where we want to go.

I look forward to hearing from and working with you towards transforming first NDG and ultimately all of Montreal, Quebec and Canada into a global community where every person is thriving and living life to the fullest...

All my best,

rJ

Your life is your message
